OBJECTIVE

A passionate and dedicated entry-level MERN Developer eager to contribute skills in MongoDB, Express.js, React.js, and Node.js to create dynamic and interactive web applications. Seeking an opportunity to grow and learn within a collaborative team environment.

SKILLS

Language	English (Fluent),Nepali (Native)
Computer	HTML5, CSS, JavaScript,BootStrap
	Experience with frontend frameworks like React.js for building user interfaces.
	Experience with Node JS frameworks like Express.js for building RESTful APIs,JSON, and web services development.
	Knowledge of MySQL and NoSQL databases like MongoDB for storing and managing data.
	Ability to integrate frontend and backend components to create full-stack web applications.
	Familiarity with version control systems like Git for managing project codebase.
	Effective communication, problem-solving skill and teamwork skills to collaborate with other developers and stakeholders.

EDUCATION

Paramount English Boarding Higher Secondary School   2017 - 2019

+2 Science
Math,Physics,Chemistry
GPA:3.00

Amrit Science Campus   2019 - 2024

Bachelor's Degree[Running]
BSC.CSIT

TRAINING

Institute   Nov 2023 - 2024 jan

BroadWay infosys

Worked closely with senior developers to implement new features and fix bugs.
Gained hands-on experience with technologies such as MongoDB, Express.js, React.js, and Node.js.
Participated in team meetings and brainstorming sessions to contribute ideas and solutions.
Received feedback and guidance from mentors to improve technical skills and coding practices.

PROJECT

Project 1
Book-Store

Implemented user authentication and authorization using JSON Web Tokens (JWT).
Integrated a MongoDB database to store book information and user data.
Designed a responsive user interface using React.js and styled with CSS.
Utilized Express.js for building RESTful APIs to handle CRUD operations.

Project 2
Food-Delivery-Web-App

User Registration and Authentication,Browse Menus,Order Placement,Payment Gateway Integration,Order Tracking,Admin Dashboard
Rating and Reviews:Allow users to rate leave reviews based on their experiences.
Designed a responsive user interface using React.js and styled with CSS.
Responsive Design: Ensure the web application is optimized for use across various devices, including desktops, tablets, and smartphones.
Utilized Express.js for building RESTful APIs to handle CRUD operations.
Sending E-mail after the successful Payment using MailGun Api

INTERESTS

Open Source Contribution: Actively contribute to open-source projects on GitHub, focusing on web development frameworks and tools.
Tech Meetups: Attend local tech meetups and workshops to stay updated on the latest trends and advancements in web development.
Coding Challenges: Enjoy participating in coding challenges and hackathons to enhance problem-solving skills and collaborate with other developers.
